Python® & Python®-Plus Push-Pull Guns

Processes
MIG, Pulsed MIG

Product Number
K2212-2 Standard Python® Water-Cooled, 25 ft. (7.6 m)
K3038-1 Python®-Plus Air-Cooled, 15 ft. (4.5 m)
K3038-2 Python®-Plus Air-Cooled, 25 ft. (7.6 m)
K3038-3 Python®-Plus Air-Cooled, 50 ft. (15.2 m)

Rated Output Current Duty Cycle:
- 100% Duty Cycle (Argon Shielding Gas)
- Air-Cooled: 200A
- Water-Cooled: Up to 400A with options

Wire Diameter Range: In. (mm)
- .030 - 1/16 (0.6 - 1.6) Aluminum

Cable Length: ft. (m)
- Various

Push-Pull Gun
The new Python® and Python®-Plus models are designed to optimize a push-pull welding operation by integrating features that will reduce downtime.

FEATURES
- Superior push-pull wire feeding technology - Reduces friction in the wire feed path, resulting in smooth feeding and minimizing damage to the wire.
- Patented EZ-Lock system - Allows you to change or rotate barrels anytime.
- Lightweight, ergonomic handle - Weight distribution is equally balanced between front and back for better feel and control.
- Multi-turn adjustment dial - Conveniently located on the bottom of the handle, it allows for fine adjustment of the wire feed speed.
- Flip-up drive roll cover - Located at the thumb rest for easy access to wire. Quick wire release for easy wire adjustments.
- Complete with a knurled drive roll and a grooved idler roll - Which will handle both steel and aluminum wire from .030-1/16 in. (0.8-1.6 mm) diameter.

APPLICATIONS
- Industrial Fabrication
- Heavy Equipment
- Automotive

RECOMMENDED WIRE FEEDERS
- Power Feed™ 10M
- Power Feed™ 25M

RECOMMENDED WIRE FEEDER/WELDERS
- POWER MIG® 350MP
- Power Wave® C300

(1) Standard Python® Guns require K2154-1 Connection Kit.

The business of The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers’ particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
