

Diesel Engine Service Kits

Maintain Peak Performance

KEY FEATURES

When it's time to perform preventative maintenance on your diesel engine driven welder, Lincoln Electric makes it simple with our diesel engine service kits. All kits contain the necessary components in one easy to purchase package to keep your welder running at peak performance.

Depending on the make and model of the engine, each kit is equipped with a combination of:

- (1) Air filter
- (1) Fuel filter
- (1) Oil filter
- (1) Fuel water separator

PRODUCT NUMBERS

DEUTZ®	SERVICE KIT	ENGINE MODEL
	K3558-1	> D2011L03i, D2011L04i
	K3558-2	> F3L912
	K3558-3	> D2.9L4
	K3558-4	> TD2.9L4
	K3558-5	> TD2.9L4
KUBOTA®	SERVICE KIT	ENGINE MODEL
	K3599-1	> V1505
	K3599-2	> D1503
	K3599-3	> V3600T
PERKINS®	SERVICE KIT	ENGINE MODEL
	K3598-1	> 404D-22, 404D-22T, 403-15T

CUSTOMER ASSISTANCE POLICY

The business of The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.

Subject to Change – This information is accurate to the best of our knowledge at the time of printing. Please refer to www.lincolnelectric.com for any updated information.
