COMPETITIVE ADVANTAGES

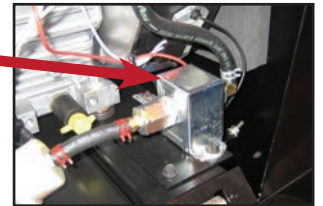

Electronic Fuel Injection vs. Carburetor Fuel Savings You Can Believe!

- Realistic savings vs. competitive claims of "Up To" savings.
- Ranger 305 G EFI Fuel Savings vs. Ranger 305 G**
- 12% at 300A, 30% at High Idle.

Electric Fuel Pump is Standard!

- Not an upgrade option as with the Trailblazer 325.
- For high altitude operation.

Fuel Cap Raised for Easy Access!

- Recessed on one side of Trailblazer 325 and 325 EFI.

Easy Access Battery Cover!

- Not available on Trailblazer 325 and 325 EFI.
Back panel must be removed.

Hour Meter Display is More Convenient!

- Ranger 305 G and Ranger 305 G EFI hours will display when the engine is running, or not running with the Run/Stop switch in the RUN position.
- Trailblazer 325 and 325 EFI hours do not display when the engine is running. Hours display only when engine is not running and the engine control is placed in the RUN position.
