- Lincoln Electric Travel Dept.  
Phone: +1.216.383.8355

## Extras:

- **Space is Limited – 30 Attendees Only!**
- Shuttle service between the hotel and Lincoln Electric Corporate Headquarters will be provided.

## Seminar Description:

### *Learn How to Increase Productivity*

With growing demand in energy markets, utilization of cross-country and subsea pipelines for material transfer will continue to increase worldwide. Let Lincoln Electric show you how to improve your pipeline welding processes. Topics will include:

- Solutions to welding challenges
- Practical issues of incorporating semi-automatic and mechanized solutions and procedures
- Understanding hydrogen cracking and how to minimize it
- Welding high strength line pipe
- Hands-on demonstrations highlighting the latest pipeline welding techniques, equipment and consumables
- Tour Lincoln Electric's state-of-the-art manufacturing facilities, R&D Tech Center and Automation Division

## Who Should Attend?

- Welding Engineers
- QC Managers
- Project and Construction Managers
- Welding Contractors, Owner Operators and Consulting Firms

## Accommodations:

Special arrangements have been made for seminar attendees to receive a reduced hotel rate by booking through Lincoln Electric's travel department.

Shuttle service between the hotel and Lincoln Electric Corporate Headquarters will be provided as well.

To RSVP and book your hotel, please contact the Travel Department directly (see below).

Please notify us of any dietary restrictions or other special accommodations when you register.

## Let Lincoln Electric Show You How.

Put the latest technologies to work and revolutionize your welding operations!

**Reserve Today! Space is limited to 30 attendees!**  
**Please respond no later than Tuesday, March 13, 2012.**

### To RSVP, contact:

Lincoln Electric Travel Department

Phone: 216-383-8355
